IMPORTANT

I submit the attached proposed resolution in further consideration of the issue of Solid Waste Management Plan review requirements. (HOPEFULLY YOU HAVE RECEIVED THE 2-1-99 FAX ON THIS TOPIC.) I believe that adoption of this resolution will meet the review requirements.

If the County Commission and/or the County Solid Waste Committee believes that there have been no substantive changes in the activities, practices and plans for solid waste management within the jurisdiction since December 2, 1997, the blank section may be filled in as follows;

“No substantive changes in the activities, practices and plans for solid waste management within the jurisdiction have occurred since December 2, 1997; therefore, no revisions are submitted.”

However, if there have been substantial changes in solid waste management activities, practices and plans since the 1997 review, the blank should be filled in as follows:

“A LIST OF REVISIONS TO THE WOODSON COUNTY SOLID WASTE MANAGEMENT PLAN ATTACHES TO AND FORMS A PART OF THIS RESOLUTION.”

A list of revisions should be completed and attached to the resolution.

This resolution should be adopted and returned to the Authority office by Tuesday, February 16, 1999. An Authority resolution reflecting any revisions will be adopted at the February 18th SEKSWOA meeting in Chanute.

Please call me with any questions.
